

# Cemetery and Memorials

## at Weston-Super-Mare Crematorium

Ebdon Road, Worle, Weston-Super-Mare BS22 9NY

# Welcome to Weston-Super-Mare Crematorium & Cemetery

Officially opened in 1966, the cemetery has served the local community for over 60 years.

Nestled in 16 acres of thoughtfully landscaped grounds, Weston Cemetery offers a calm and welcoming setting for families to gather and honour their loved ones.

Throughout the site there's quiet pathways, flowering borders and tranquil spaces for peaceful reflection and is only a short drive from the calming shores of the beach.

## Services for all faiths and beliefs

We're proud to serve families from all cultural and religious backgrounds. We understand that every community has its own customs and traditions and we work closely with group leaders and families to accommodate their individual wishes and requirements, from burials, through to memorials.

## Options for burials and memorials

While many cemeteries across the country have limited grave space available, we are able to offer a range of burial and memorial options within our grounds.

*As part of a network of cemeteries and crematoria managed by The Crematorium and Memorials Group (CMG), North Weston Cemetery is supported by the care, experience and credibility of a trusted organisation, dedicated to providing lasting places of remembrance across the UK.*

Scan the QR code for a virtual tour of the grounds.

## About this brochure

This brochure includes just some of the options we offer.

To explore the full range or for more ideas and information, please contact us. We are here to help you create a personal, meaningful tribute.

## Grave and memorial options

Our lawn graves are available for immediate need or pre-purchase.

Choosing a grave or memorial is a personal decision, and each footstone option offers its own style and features.

### At Weston, we specialise in lawn graves

Footstones are a flat kerb set (defined memorial surround) placed within a lawn setting. They offer a neat and elegant way to mark a resting place while keeping the area looking peaceful and well-maintained.

Families can choose a single space or a double space, which provides additional room for memorial accompaniments such as vases, plaques and other personalised items.

For full details and a price list, please speak to our memorial specialist.

**Please note:** Memorials, including footstones are purchased separately from the grave plot.

### Pre-purchasing and planning ahead

Our graves can be pre-purchased, offering peace of mind that loved ones can be laid to rest together. Planning ahead helps ensure arrangements are made as intended, easing the burden on families and often providing cost savings over time.

Memorials can also be arranged in advance, helping you create a tribute that reflects personal wishes and meaningful memories.

### Expert support and guidance

Our memorial specialists are here to guide you through every option and answer any questions you may have. We can arrange a guided tour to help you choose a space and tribute that feels right for you and your loved ones.

# Choosing a footstone memorial

Creating a place to pause, remember, and celebrate the life of someone special.

Footstones offer a beautifully simple and dignified way to mark a resting place within a lawned area. Designed to sit neatly at ground level, they create a calm and unobtrusive memorial that blends naturally into the surroundings.

## Personalised footstones

Families can choose from a range of styles, including traditional flat footstones or book-style designs, each offering its own character and presence. Every footstone can be fully personalised, from names and messages to artwork, motifs and thoughtful inscriptions that reflect the life of a loved one.

Whether you prefer something understated or a design that feels more expressive, footstones provide a meaningful and lasting way to honour those you hold close.

# Styles, materials and finishes

Choose from a wide range of styles, materials and colours to create a personal tribute.

## Every element can be personalised

The finer details of creating a lasting tribute are just as meaningful as choosing the footstone.

Every element can be personalised, from the shape and material to the colour and finishing touches.

## A selection of styles and shapes

Headstones come in a wide selection of styles and shapes, ranging from classic to contemporary designs, ensuring there's a choice to suit every tradition and personal preference.

## Choosing materials and colours

Our most popular memorials are crafted from durable materials such as granite, marble and natural stone, available in a variety of colours and finishes. These materials are chosen for their strength, beauty and ability to withstand the elements over time.

## Creating a bespoke design

Our skilled craftspeople can create bespoke designs, allowing you to make something unique, personal and memorable.

**Please note:** We have done our best to reproduce the colours accurately here, but the final colour may vary. We recommend talking to our memorial specialist to choose the colours in person, if you are able to.

## Materials and colours

Angolan Black

Cornish De Lank

Imperial Pink

Black Granite

Blue Pearl

Olive Green

Ruby Red

Aurora

White Carrara marble

Chinese Evergreen

Balmoral Red

Butterfly Blue

Chinese Rustenburg

Crown Stone

Dove Grey

This is a small selection of the materials and colours we offer.

# Inscriptions, illustrations, photographs and carvings

Images and inscriptions celebrate the memory of a loved one, as a meaningful tribute for years to come.

We offer guidance on personalised inscriptions, including meaningful dedications, special messages, or quotes that reflect the life, wishes and values of the person they're honouring.

As well as choosing the lettering style for your inscription, you can also add illustrations, photos, badges and insignia to the headstone.

From floral motifs and religious emblems to hobbies, interests or bespoke artwork, these details help make each footstone feel more personal.

## Supporting you with every detail

Book an appointment with our memorial specialist to talk through the different finishes. They are here to guide and support you with information and ideas.

An engraving can add an elegant touch to a headstone.

Explore our wide range of images, from engravings to colourful motifs.

We can accommodate for dedicated benches in some areas of our grounds.

Aurora desk

Blue pearl square vase

Bronze dove

## Memorial accompaniments

Personalise their memorial with vases, plaques and more.

We have a range of memorial accompaniments to enhance your loved one's tribute, including vases, traditional plaques, photo plaques, granite books and wedges, tablets and ornaments.

Many of these can be personalised with meaningful inscriptions or images, to complement existing footstones.

A vase can be a thoughtful choice, so family and friends can leave flowers when they visit. We can also accommodate for dedicated benches in some areas of our grounds, as a comfortable spot to sit and reflect.

### Finishing touches

For a cohesive and respectful tribute, several of our memorial accompaniments are available in matching materials and finishes. You can then personalise your chosen memorial, as a thoughtful way to honour your loved one.

## Other cemeteries managed by us

Here to support families with meaningful places of remembrance.

We manage three cemeteries across North Somerset, each providing a peaceful and dignified resting place. Every site offers a serene setting for reflection and remembrance, giving families a comforting space to honour their loved ones.
