

# Cemetery and Memorials

## at Randalls Park Crematorium

Randalls Road, Leatherhead, Surrey, KT22 0AG

# Welcome to Randalls Park Cemetery

Since 1951, this has remained a place of remembrance for generations of local families.

Nestled in Leatherhead, we have a 50-acre cemetery offering a peaceful setting for visiting your loved ones. Throughout the grounds, which we carefully maintain, we have blossoming cherry trees, flowering borders, quiet avenues and visiting wildlife.

The cemetery offers a calm environment for reflection and tribute, rich in natural beauty and deeply connected to the local community.

## Services for all faiths and beliefs

We're proud to serve families from all cultural and religious backgrounds. We understand that every community has its own customs and traditions and we work closely with group leaders and families to accommodate their individual wishes and requirements, from burials, through to memorials.

## Options for burials and memorials

While many cemeteries across the country have limited grave space available, we are able to offer a range of burial and memorial options within our grounds.

*As part of a network of cemeteries and crematoria managed by The Crematorium and Memorials Group (CMG), Randalls Park Cemetery is supported by the care, experience and credibility of a trusted organisation, dedicated to providing lasting places of remembrance across the UK.*

**About this brochure**

This brochure includes just some of the options we offer.

To explore the full range or for more ideas and information, please contact us. We are here to help you create a personal, meaningful tribute.

## Grave and memorial options

Our lawn graves are available for immediate needs or pre-purchase.

Choosing a grave or memorial is a personal decision, and each headstone option in our range offers its own style and features.

### At Randalls Park, we specialise in lawn graves

Lawn graves allow for a headstone of choice to be placed at the top of the plot. Unlike many cemeteries, we use concrete landings, meaning headstones can be placed without delay, so families don't have to wait for the ground to settle.

For full details and a price list, please speak to our memorial specialist.

**Please note:** Headstones are purchased separately from the grave plot.

### Pre-purchasing and planning ahead

Our graves can be pre-purchased, offering peace of mind that loved ones can be laid to rest together. Planning ahead helps ensure arrangements are made as intended, easing the burden on families and often providing cost savings over time.

Memorials can also be arranged in advance, helping you create a tribute that reflects personal wishes and meaningful memories.

### Expert support and guidance

Our memorial specialists are here to guide you through every option and answer any questions you may have. We can arrange a guided tour to help you choose a space and tribute that feels right for you and your loved ones.

# Choosing a memorial

Creating a place to pause, remember, and celebrate the life of someone special.

## Headstones

A headstone is an upright monument which marks the burial place of a loved one. They usually display personal information such as a name, and important dates. You can also choose to include a meaningful quote or saying, and, depending on the style of headstone, an image or carving.

## Making it personal

Over the next few pages you'll see just a small sample of what we offer. To explore all the options or discuss an idea you have in mind, contact our memorial specialist. We are always happy to talk things through, and show you examples in person.

# Styles, materials and finishes

Choose from a wide range of styles, materials and colours to create a personal tribute.

## Every element can be personalised

The finer details of creating a lasting tribute are just as meaningful as choosing the headstone.

Every element can be personalised, from the shape and material to the colour and finishing touches.

A selection of styles and shapes

Headstones come in a wide selection of styles and shapes, ranging from classic to contemporary designs, ensuring there's a choice to suit every tradition and personal preference.

## Choosing materials and colours

Our most popular memorials are crafted from durable materials such as granite, marble and natural stone, available in a variety of colours and finishes. These materials are chosen for their strength, beauty and ability to withstand the elements over time.

## Creating a bespoke design

Our skilled craftspeople can create bespoke designs, allowing you to make something unique, personal and memorable.

**Please note:** We have done our best to reproduce the colours accurately here, but the final colour may vary. We recommend talking to our memorial specialist to choose the colours in person, if you are able to.

# Inscriptions, illustrations, photographs and carvings

Images and inscriptions celebrate the memory of a loved one, as a meaningful tribute for years to come.

We offer guidance on personalised inscriptions, including meaningful dedications, special messages, or quotes that reflect the life, wishes and values of the person they're honouring.

As well as choosing the lettering style for your inscription, you can also add illustrations, photos, badges and insignia to the headstone.

From floral motifs and religious emblems to hobbies, interests or bespoke artwork, these details help make each headstone feel more personal.

## Supporting you with every detail

Book an appointment with our memorial specialist to talk through the different finishes. They are here to guide and support you with information and ideas.

## Memorial accompaniments

Personalise their memorial with vases, plaques and more.

We have a range of memorial accompaniments to enhance your loved one's tribute, including vases, traditional plaques, photo plaques, granite books and wedges, tablets and ornaments.

Many of these can be personalised with meaningful inscriptions or images, to complement existing headstones.

A vase can be a thoughtful choice, so family and friends can leave flowers when they visit. We can also accommodate for dedicated benches in some areas of our grounds, as a comfortable spot to sit and reflect.

### Finishing touches

For a cohesive and respectful tribute, several of our memorial accompaniments are available in matching materials and finishes. You can then personalise your chosen memorial, as a thoughtful way to honour your loved one.
